Project: Build Pyramid

Using any materials you like, it'd be great to create the Great Pyramids of Egypt, or even a Sphinx.

Use whatever tools and techniques you like, and if you can get pictures of the process, that'd be fantastic!

Use the internet to research and inspire you. You could even write a short paragraph explaining why you chose these materials and how effective you think they would've been in Ancient Egypt.

Happy building everyone!

## Home Learning – Autumn 2019

During this term, 5S are studying the topic of 'Ancient Egyptians'. As the children will be continuing this theme throughout the Autumn Term, I have listed a number of activities which can be completed at home in order to engage your child even further.

This home learning is for the next 7 weeks. This is not compulsory but children are encouraged to complete the tasks (perhaps on a weekly basis) and bring the project back to school on the specified date.

The 'Project' is an opportunity for children to complete with help from their family and friends and build on work done in class this week.

**Reading is an essential part of your child's development; please visit the local library so that your child is able to choose books which particularly interest them. Alternatively, encourage them to read texts other than books, such as subtitles on their favourite film or instructions for games (like a Minecraft walk-through). More ideas are in their Home reading Journal.**

Activity	
<b>Week 1</b>	Create a painting of the Egyptian Landscape.
<b>Week 2</b>	Mummify something or someone in your home.
<b>Week 3</b>	Become a historian and go searching for ancient treasures on the beach.
<b>Week 4</b>	Make an Egyptian-inspired model.
<b>Week 5</b>	Create Egyptian jewellery.
<b>Week 6</b>	Find out about a famous Egyptian person from the past and present. How are they different?
<b>Week 7</b>	Create a mini sarcophagus.

Thank you for your continued support.
