Home Learning

Y5

18.5.2020

This home learning is for this week. While this is not compulsory, children are encouraged to complete the tasks on a weekly basis and if possible, email pictures of the work you have done to RDTY5Dormanstown@tved.org.uk.

Great work this week those of you who took part. Remember to show your calculations in maths; it may get you marks when in Y6. In writing, be sure to use ALAN PEAT sentences.

“Don't count the days, make the days count.”– Muhammed Ali

Honker: Leo Slater – excellent commitment to the tasks and the extra tasks set for him.

Praise and Share: Kieron Bourne – creating an excellent piece of writing and responding to all feedback so positively.

Reading	https://www.twinkl.co.uk/resource/year-5-school-closure-home-learning-resource-pack-t-e-2549914 In the Reading 3 Revisions pack, complete the 'Poetry Revision Mat'. Read the text, then answer each of the questions. Once you have completed the entire text, check the answers.
Writing	Be a journalist. Create the front page of a newspaper. The main story can be about anything you want. Think carefully about what could be on your front page. What do other papers look like? Make yours look as realistic as possible. Think about the information you want to give the public, the questions people may ask and that you will answer as a journalist. Remember to google Alan Peat sentence types to help improve your writing.
Wider Curriculum	Name all parts of the water cycle. For each name, create a definition of what it means and what it's role is in the water cycle. Be as creative as you can to when presenting the information: think drawings, videos or even models – there are lots of ideas on the internet (especially Pinterest) that you could magpie.
Academy Challenge	For a bit of fun.....find a baby photo of yourself and send it to us on facebook or email. We will post it on our page and ask all of your friends in Dormanstown to guess who it is!!
