

Year 2
14/2/20

Project: Make a Model

Make your own telescope.

Or

Make your own map and plan a journey to another continent.

Hand in date: 30.3.20

Dormanstown Primary Academy

Home Learning – Spring 2020

This term, our project is based around History and Captain Cook. We will look into the life of one of the world's greatest explorers and his life onboard the HMS Endeavour. We will also be looking at everyday materials in Science and deciding on the best materials to build ships in Design and Technology.

This home learning is for the spring term. This is not compulsory but children are encouraged to complete the tasks and bring back to school week beginning 30.3.20.

The activities are an opportunity for children to complete with help from their family and friends and build on work done in class.

Reading is an essential part of your child's development; please continue to read with your child at least four times a week and make sure that reading books and book bags are returned to the academy every day.

Children will also be bringing their spelling homework on a Monday on a Look, Say, Cover, Write, Check sheet. These will be based on the Read, Write, Inc. or year group spellings that they have been working on. Please practise each night and prepare your child for the spelling test on Friday.

Captain Cook Activities

- Investigate which materials would be best suited to build a ship.
- Make a map planning out one of Captain Cook's main voyages.
- Research the different jobs the crew had on the HMS Endeavour.
- Create a timeline of Captain Cook's life.
- Draw a portrait of Captain Cook.
- Make a fact file about Australia.

Thank you for your continued support.

Mrs Patterson and Mrs Berry
