Home Learning

Y5
27.4.2020

This home learning is for this week. While this is not compulsory, children are encouraged to complete the tasks on a weekly basis and if possible, email pictures of the work you have done to RDY5Dormanstown@tved.org.uk.

Great work this week those of you who took part. Remember to show your calculations in maths; it may get you marks when in Y6. When answering reading questions, wherever possible, refer to evidence in the text.

“Don't let what you can't do stop you from what you can do.”

Praise and Share: Leo Slater – Excellent efforts with maths work.

Writing	How have the measures put in place affected you and your family? Do you agree with how the government has supported the country with COVID-19? How do you feel about the NHS staff? Write a letter to our local MP to say thank you or offer other ideas as to how we can make the situation easier and safer for everyone. Your target audience is Jacob Young, our local MP. We will send the best letters to him. Google 'Alan Peat Sentence Types' to get all of the sentence types you could use.
Wider Curriculum	Parachutes are super important. Create a presentation about how and why they can be used, including how they are made and where they were first made. Then create a parachute that can land an egg without it cracking from your highest window. Send pictures and videos to the website at the top or post on our Facebook page.
Academy Challenge	Draw a portrait of a member of staff at Dormanstown - do not reveal the name on the drawing but put on two clues so that we can post it and ask our Facebook followers to guess who it is
